December 2026

Trainings

ICS-300 Intermediate Incident Command

Dec. 2-4, 2025

Morgantown, WV

This course builds on ICS 100 and 200 by teaching supervisors how to manage incidents that grow beyond their initial scope. It focuses on the National Incident Management System (NIMS) Command and Management components. Participants will learn roles and responsibilities for supervising during an expanding event. ICS-400 Advanced Incident Command System for Complex Incidents

Dec. 11-12, 2025

Morgantown, WV

This advanced course is for senior emergency personnel who are expected to manage complex incidents. It expands on the information learned from ICS-110, 200, and 300. It covers large-scale organization development, roles, and relationships within command and general staff, and planning, operational, logistical, and fiscal consideration for major events. Demonstration of an Extended Downtime Toolkit

December 10, 2025

Virtual

Discover how your Healthcare Coalition can simplify and strengthen extended downtime preparedness. In this session, you'll get an inside look, hands-on walkthrough, and toolkit designed to help meet several Extended Downtime requirements in the current ASPR HPP Cooperative Agreement. [Flyer](#)

MGT-318 Public Information in An All-Hazards Incident

Dec. 10 & 11, 2025

Dunbar, WV

Designed for participants whose duties may require them to interface with news media representatives during their community's response to a WMD/terrorism incident or major disaster. This course examines the role of public information in managing an all-hazards incident and provides practical training in crisis communication techniques. [Flyer](#) [Register](#)

Threat Evaluation and Reporting Training Series

Dec. 12, 2025

Virtual - Register

April 1, 2025

Charleston, WV – Register

April 7, 2025

Morgantown, WV – Register

This is a 2-part series of courses sponsored by the WV Healthcare Coalitions North and South and presented by The WV Fusion Center. It is intended for the public and community members who play a role in identifying threats or observable behaviors that may concern others. Participants will learn tools to identify and report warning signs of violence in the workplace or community and ways to move the individual off the pathway to violence. [Flyer](#)

ICS 300 – Intermediate Incident Command System for Expanding Incidents

January 3-4, 2026

Martinsburg, WV

This course expands upon information covered in the ICS-100 & ICS 200 courses. This course is intended for individuals who may assume a supervisory role in expanding incidents or Type 3 incidents. [Flyer](#)

ICS 400 – Advanced Incident Command System for Complex Incidents

January 10-11, 2026

Martinsburg

This course builds on the ICS 100, ICS 200, and ICS 300 courses. However, it was designed to provide overall incident management skills rather than tactical expertise. Additional courses are available on developing and implementing incident tactics. [Flyer](#)

ICS 300 – Intermediate ICS for Expanding Events

January 26-28, 2026

Cleveland, OH

This 21-hour classroom course provides training for personnel who require advanced application of the Incident Command System (ICS) and Individuals who may assume a supervisory role in incidents. This course expands upon information covered in the ICS 100 and ICS 200 courses. [Flyer](#)

Medical Management of Chemical, Biological, Radiological, Nuclear and Explosive (CBRNE) Events

January 27-28, 2026

Morgantown, WV

Learn how to distinguish between different agents of concern that could be used in an incident. A combination of discussions, small-group exercises, human patient simulator hands-on scenarios, and traditional classroom discussions are used to present the topics. [Flyer](#)

MGT-319 Medical Countermeasures: Point of Dispensing (POD), Planning and Response

February 10-11, 2026

Morgantown, WV

This course is designed to enhance jurisdiction preparedness and emergency response efforts by providing knowledge of how to exercise and revise a plan that utilizes an all-hazards, whole community approach toward a medical countermeasures event. Must have a FEMA SID number and a TEEX Student Portal account to register. [Register Here.](#)

ICS 400 – Advanced ICS for Command and General Staff

February 23-24, 2026

Cleveland, OH

This 15-hour classroom course provides training for personnel who require advanced application of the Incident Command System (ICS). This course expands upon information covered in ICS-100, 200, 700, 800 and G300 courses, which are the prerequisites for the G400 course. The target audience for this course is senior personnel who expect to perform in management capacity in an Area Command or Multi-Agency Coordination Entity. [Flyer](#)

Patient Movement & Load Balancing Toolkit – Showcase

March 18, 2026

Virtual

Discover how your Healthcare Coalition can simplify and strengthen patient movement planning. In this session, you'll get an inside look, hands-on walk-through, and toolkit designed to help meet several Patient Movement and Load Balancing requirements in the current ASPR HPP Cooperative Agreement. [Flyer](#)

AWR 232: Mass Fatalities Planning and Response for Rural Communities

March 25, 2026

Moundsville, WV

AWR 232 is an 8-hour, DHS/FEMA-certified, tuition-free, awareness-level course. The goal of this course is to teach participants the basics of mass fatality response while providing opportunities to exchange rural perceptions and brainstorm solutions to simulated emergencies. [Flyer](#)

Self-Paced Training and Resources

Foundations of Targeted Violence Prevention

Virtual

The goal of this self-paced course is to educate the public on threatening or potentially concerning behaviors and where to report them, providing an opportunity for intervention to prevent targeted violence from occurring. It seeks to assist in preventing targeted violence. [Learn More](#)

Suspicious Activity Reporting Fundamentals

Virtual

This course provides users with an understanding of the evaluation process used to determine whether identified behavior adheres to the information sharing environment functional standard criteria, in accordance with privacy, civil rights, and civil liberties protections. When you launch this course, the sector specific course for healthcare is in the second row. [Learn More](#)
