Trainings

ICS-300: Intermediate Incident Command System

June 16-18, 2025

Harpers Ferry

ICS 300 is a critical course for personnel who may assume a role in expanding incidents. List of online courses pre-requisites will be sent out once we get the name of attendees. Free course offered at 75 Koonce Road in Harpers Ferry. For more information, contact Jorge Munoz 304-535-5345

ICS-300: Intermediate Incident Command System

June 20-22, 2025

Princeton, WV

The ICS-300 course, officially titled "Intermediate Incident Command System for Expanding Incidents," is a 3-day, in-person training program designed for emergency response personnel who may assume supervisory roles during complex, expanding incidents. [More Info](#) - [Registration](#)

Hydrogen Fluoride Safety and Emergency Decontamination

June 17, 2025

Virtual – 4pm

[Join Zoom Meeting](#)

Meeting ID: 834 8964 6909 - Passcode: 364156

This briefing will provide a comprehensive overview of HF as a critical industrial agent. The training will explore how its toxicity creates unique challenges for the victim and the emergency decontamination team. Sponsored by the Emergency Management Alliance LLC

ICS-400: Advanced Incident Command Systems

June 21 & 22, 2025

Winfield, WV

ICS-400: Advanced Incident Command System provides training and resources for personnel who require advanced application of the ICS. This course expands upon information covered in ICS-100 through ICS-300 courses. It is intended for senior personnel who are expected to perform in a management capacity in an area command or multiagency coordination entity. [Register](#)

Public Information Officer (PIO) 105 Training

June 25-27, 2025 – [Charleston](#)

July 9-11, 2025 – [Elkins](#)

To equip participants with the skills needed to be full or part-time PIOs, including oral and written communications; understanding and working with the media; and basic tools and techniques to perform effectively as a PIO, both in the proactive advocacy times and crisis/emergency response.

Sound the Alarm – Free Install of Smoke Alarms

June 25, 2025, 1pm-4pm

Guyandotte Community

Working smoke alarms can cut the risk of death from home fires in half. The City of Huntington and Huntington Fire Department are rallying with the West Virginia State Fire Marshalls Office and the American Red Cross of the Tri-State to install alarms in your community. Marshall University football team will be helping to install alarms on this day. Smoke alarms are free. Request your free smoke alarm installation by calling 844-216-8286 or visit

www.soundthealarm.org/centralappalachia

The National Emergency Management Basic Academy is for individuals pursuing a career in emergency management and provides a foundational education in emergency management knowledge, skills, and abilities. Twelve online independent study courses are required as prerequisites.

To Register for the Course: Email Kyle Pajarito at kyle.c.pajarito@wv.gov If interested in attending any of these courses [Flyer](#)

Self-Paced Courses

SAR Training Courses

The Nationwide SAR Initiative (NSI) is a multifaceted approach designed to increase the effectiveness of state, local, tribal, and territorial (SLTT) law enforcement and public safety professionals and other frontline partners in identifying, reporting, evaluating, and sharing per-incident terrorism indicators to prevent acts of terrorism. This

training teaches how to identify behaviors and indicators that may indicate terrorism-related criminal activity and how to report identified suspicious activity to the proper authorities while maintaining the protection of citizens' privacy, civil rights, and civil liberties. [Take the courses](#)

Containing and Preventing the Spread of Infectious Disease

Public health agencies exist to safeguard community health and safety and have important legal authorities to carry out essential actions to this end. [Learn More](#)

FEMAs Emergency Management Institute

For all individuals who are new to their emergency management role or who want to refresh their knowledge in the Incident Command System. These courses are Independent Study, but highly recommended for anyone in an Emergency Management position.
